

Form1: Summary of Grant Project

(Due 1 month after the Grant End Date)

1. Grant Title: _____

2. Participating Institution(s): _____

3. Grant Start Date: _____ Grant End Date: _____

If Grant Was Extended, Revised Grant End Date: _____

4. PI Name: _____ Coordinator (if any): _____

5. Target Population: Students Faculty Students & Faculty

6. Grant Time Period: Academic Year Only Summer Only Academic Year and Summer

For items 7 - 9, below, please attach as all relevant information. The description needs to be highly detailed (one or two sentences are not enough). The more information you provide, the more NSF knows about what we are doing. Keep in mind that NSF uses this information to continue our funding; our funds are contingent from year to year.

7. Describe the Project (can be taken from grant application unless there were major changes to project activities during implementation).

8. Describe the goals of the Project (can be taken from grant application).

9. Describe the outcomes of the Project: Please provide us with detailed information about the outcomes of your WiscAMP-funded project. Include any assessment or evaluation results you have collected. General questions this part of the report can address:

- What were the successes and highlights of the project?
- How did the activities help your project reach its goals?
- How did the project affect student *knowledge* of or *enthusiasm* for STEM education and careers?
- How did the project bring people together to address underrepresentation in STEM?
- What were the challenges and obstacles of the project?
- What can be done differently in the future and how can this be achieved?

10. Complete and attach a **Form 2** for your project. If you have previously submitted the form to WiscAMP attach that form or, when appropriate, an amended version.

Important: WiscAMP may require PIs with grants that fund multiple projects, that is, projects that are essentially separate and serve largely distinct sets of participants, to submit more than one **Form 2**. If this is the case, WiscAMP will inform the PI in writing. From 2013 onward notification will be made through the grant award letter.

11. If your grant project sponsored more than one activity (regardless of whether the activity was funded through the grant), please indicate the number of activities below and include a **Form 5** and/or **Form 6** for each activity. Examples of activities include: taking students to visit schools or other sites of interest; diversity workshop for faculty; information meeting about STEM careers; workshop about graduate school; providing information about your project at a faculty meeting, etc. For recurring activities having the same group of participants, you can submit one **Form 5** and/or **Form 6** for that activity rather than one for each recurrence.

Number of activities _____
(Note: count recurring activities as one)

12. If students were funded through this grant, indicate the number of students funded and include a **Form 3** for each student funded through this grant if you have not already submitted this information to WiscAMP.

Number of students _____

13. If faculty members and/or academic staff have been actively involved in implementing this grant's grant (regardless of whether they received funding through the grant), indicate the number of such persons include a **Form 4** for each individual if you have not already submitted this information to WiscAMP.

Number of faculty/staff _____

14. Please include your budget closeout spreadsheet for your Small Grant. You should have received a partially completed spreadsheet from the WiscAMP office.

15. Please send us additional dissemination material showcasing your project:
- Images. We prefer high-resolution images suitable for printing, but other images are greatly welcomed. Examples of pictures include: student(s) in lab; group of students funded through your project; student(s) with faculty mentor(s); student(s) at poster presentations, etc.
 - Publications or presentations by students.

Thank you again for your participation in the Wisconsin Alliance for Minority Participation (WiscAMP)!
